# WP8 Perspectives

## INAF / CDS

Alexandre RICHARD (INAF)

Sébastien DERRIERE (CDS)

Andrea PREITE MARTINEZ (INAF)

# **Perspectives**

- Automated generation of instances for the ontology
- From vocabulary mapping to vocabulary matching service
- Vocabularies use cases using the ontology:
  - Check that ontology broader/narrower are consistent with thesaurus
  - Possible new ontology relations derived from vocab?
  - Link with VOEvent for events description
- Call for other use-cases
