

Subject: Friends of LISA Sponsorship (individual)

« Library and Information Services in Astronomy » (LISA) VIII  
(<http://cds.u-strasbg.fr/meetings/Lisa8/>)

Sponsorship allows us to create a unique conference experience. First, it helps us to develop a conference environment conducive to meaningful discourse and lively interaction. Second, it provides us with the opportunity to invite unique speakers, at the vanguard of information science and astronomy.

But, most importantly, **FoL sponsorship** allows us to invite economically disadvantaged librarians from different parts of the world who could otherwise not attend; from past LISA conferences, we know that all attendees benefit enormously from a diverse group of participants, which ultimately, makes the conference much richer.

As in the past, generous donations help us continue this tradition. Please help us and send your donations as it is indicated below.

Thank you in advance,

Soizick Lesteven

on behalf of the Friends of LISA
