Use and dissemination of foreground

A plan for use and dissemination of foreground (including socio-economic impact and target groups for the results of the research) shall be established at the end of the project. It should, where appropriate, be an update of the initial plan in Annex I for use and dissemination of foreground and be consistent with the report on societal implications on the use and dissemination of results (section 3.4 – H).

The plan should consist of:

- *Section A*

*This section should describe the dissemination measures, including any scientific publications relating to foreground. **Its content will be made available in the public domain** thus demonstrating the added-value and positive impact of the project on the European Community.*

- *Section B*

*This section should specify the exploitable foreground and provide the plans for exploitation. **It will be kept confidential** and will be treated as such by the Commission.*

Section A (public)

This section shall include a list of planned dissemination activities (publications, conferences, workshops, web, press releases, flyers, etc) in free text format. Where articles have been published in the popular press, please provide a list as well.

In addition, please provide a list of all scientific (peer reviewed) publications relating to the foreground of the project, starting with the most important ones, in the table below.

TEMPLATE A: LIST OF SCIENTIFIC (PEER REVIEWED) PUBLICATIONS, STARTING WITH THE MOST IMPORTANT ONES
